

# Sharing the GeoSystems Monitor Application Item in ArcGIS Online

Before you can login to the GeoSystems Monitor for ArcGIS Online you must be in a group that contains the shared GeoSystems Monitor application that was created when you purchased the application.

1. Login to your ArcGIS Online Marketplace console (<https://marketplace.arcgis.com/console.html>)
2. Navigate to **My Purchased Items**

3. You should see the GeoSystems Monitor Application. Click on **View Item**

4. Select which group(s) you would like to share the GeoSystems Monitor application with.

*Note: If no groups are available, you will need to create a group in your ArcGIS Online organization first.*

**And that's it**, GeoSystems Monitor for ArcGIS Online will be available for the users that belong to the shared groups.
